ONE KILLED; TWO MISSING

Five Other Workmen Seriously Hurt
in New York.

New York, Jan. 8.—Thomas Fleming, a steel worker, was killed, two men are missing and five others were seriously injured in the collapse of two floors of a three-story building known as the brew house of the Flanagan, Noy & Co. brewery. The building was undergoing repairs and eight men were working inside the structure when the floors collapsed.

Six vats, each containing 2,000 gallons of beer, plunged through the floors with a roar, snapping the ammonia pipes and filling the air with fumes. The fire department was called and the firemen waded into the cellar nearly up to their waists in ammonia and beer. One by one the workmen were extricated, though five were found to be seriously hurt. Two workmen could not be found and they are believed to be under the debris.

Loss of Sleep

EXHAUSTED NERVES.

Nature always gives ample warning of the approach of nervous collapse, if you can read the signs. Among the earliest indications of nervous exhaustion is inability to rest and sleep. You lie awake and think, think, but cannot quiet your brain and nerves to sleep. Opium and narcotics cannot possibly afford more than temporary relief and leave you worse off than before. Cure can only be brought about by the restoration of the nervous system by the use of

Dr. A. W. Chase's Nerve Pills

You can be positively cured of sleeplessness, headaches, and nervous dyspepsia and stop the approach of nervous prostration, paralysis or loco-motor ataxia by the use of this treatment. Be sure to see the portrait and signature of A. W. Chase, M. D., on the box, 50 cents at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Mrs. C. G. Heckenlively, Angola, Ind., states:
"I have used Dr. A. W. Chase's Nerve Pills for sleeplessness and a run down nervous system with excellent results. They give me sleep in the right way, not by the opiate plan, but by their tonic and upbuilding effect on the nerves."

DUNN, Druggist

HEINZE OUT ON BAIL

Copper Magnate Indicted by
Federal Grand Jury.

HE OVER-CERTIFIED CHECKS

Alleged to Have Guaranteed by Bank
Signature That Sums Indicated in
Checks Were Held to the Credit of
His Brother's Firm.

New York, Jan. 8.—Indicted by the federal grand jury for the over-certification of fifteen checks, representing in the aggregate over \$400,000 and drawn by the firm of Otto Heinze & Co. on the Mercantile National bank, F. Augustus Heinze, the copper magnate and former president of the Mercantile National bank, surrendered himself to United States Commissioner Shields and later was released on \$50,000 bail. Heinze will be formally arraigned to plead to the indictment before Judge Chatfield in the United States circuit court.

Heinze had been informed quietly that indictments had been found by the federal grand jury on Dec. 2, and that his appearance would be required. Without awaiting the service of a bench warrant, Heinze, in company with his counsel, appeared before Commissioner Shields. The proceedings were short. Heinze pleaded not guilty and bail was furnished immediately by a surety company. When these proceedings were concluded Heinze told the newspaper men that he did not care to make any statement, and hurried away with his counsel.

After an examination of the indictment, which contains thirty counts, Counsel Edward Lauterbach made the following statement:

"The indictment is based upon certification of fifteen checks, amounting to something over \$400,000, drawn by Otto Heinze & Co. on Oct. 14, last. Before the certification was made, F. Augustus Heinze obtained the discount of a note of \$500,000, secured by abundant

Stock Exchange Collateral worth at the market rates of that day more than \$800,000, and drew his check for \$500,000 to the credit of Otto Heinze & Co., the amount of which should have been passed to their credit, as I think it was. There certainly was no wilful intent within the statute to over-certify any check. On the contrary, there was far more than the amount of the checks standing to the credit of the account of the drawers of the checks when they were certified."

The indictment specifically charges that Heinze, while president of the Mercantile National bank, over-certified fifteen checks. That is, that he guaranteed by the bank signature that the sums indicated in the checks were held by the institution to the credit of the drawer. To over-certify bank paper is under the federal statute an offense punishable by imprisonment of not less than five years and not more than ten years.

One count is devoted to each of the checks involved. It is alleged that Heinze knew that Otto Heinze & Co. did not have to its credit the sums named in the various checks. The sixteenth count in the indictment charges that Heinze intentionally applied the funds of the bank and without the knowledge of the directors to the payments of the fifteen checks drawn by Otto Heinze & Co. and knowing that the company did not have on deposit with the bank a sum to the amount named in the certified checks.

For such an offense the federal statutes provide a penalty of not less than five years' imprisonment or a fine of not more than \$5,000, or both.

WIND AND RAIN STORM.

Sends Ships Scrambling to Shelter
Along the Atlantic Coast.

New York, Jan. 8.—A heavy rain storm, which came into existence somewhere in the Gulf of Mexico and then headed diagonally across the United States on a bee line for New England, winged its way across the North Atlantic states, bringing torrents of rain and a gale of wind that knocked down telephone poles and generally upset all lines of communication. Another storm is moving eastward across the Great Lakes to join the visitor from Mexico.

Over an inch of rain fell in New York. Ships scurried to sheltering lee along the coast, while steamships reported heavy weather off shore. No wrecks along the coast have been reported.

Freight Depot Destroyed.

Fort Worth, Tex., Jan. 8.—The Texas and Pacific freight depot has been totally destroyed by fire. The building was isolated and switch engines succeeded in dragging hundreds of cars out of danger. The total loss is about \$250,000.

THREE PERSONS KILLED.

Scores of Others Injured in Wreck of
a Special Train.

Atlanta, Ga., Jan. 8.—Running at a speed of thirty miles an hour, the second section of an excursion train on the Southern railway from Cleveland, O., known as the Collier special, and bound for Florida points, plunged through a trestle over Copper Mine creek, about fifty miles west of Atlanta, and as a result three persons are dead, two others are fatally injured, and eighty passengers were so seriously injured as to require medical attention.

The Southern railway relief train came to Atlanta bearing the body of Engineer James Edwards and about fifty of the injured, among whom was Mrs. Emil Hoover of Columbus, O., who is in a dying condition, and Florence A. Studebaker of Cleveland, internally injured and probably fatally hurt. Road Foreman of Engines Schnapps and a negro fireman, Mose Baldwin, both fatally injured, were also on the relief train.

Schnapps and Baldwin died shortly after reaching the city.

Many of the injured were lifted from the car windows in Atlanta and conveyed to hospitals, while some of the injured were able to take cabs to local hotels.

When the wreck occurred, five vestibule Pullmans were precipitated twenty-five feet to the bed of the creek, which was nearly dry, one of the Pullmans being torn asunder. Two hundred passengers went down with the coaches.

Copper Mine trestle is between Hiram and Dallas, Ga., in a sparsely settled country.

BLAMES ROOSEVELT.

Congressman Willett Says He Is Responsible for Panic.

Washington, Jan. 8.—The usual resolution referring the president's annual message to the several committees, furnished the occasion in the house of representatives for a number of addresses, mostly by members on the Democratic side. These covered a variety of subjects, but those that attracted especial attention were by Representatives Sheppard of Texas and Willett of New York. The former not only made a plea for the restoration of the legend "In God We Trust" on American coins, but discussed the cruise of the American battleship fleet and referred to a possible conflict with Japan.

Mr. Willett placed all the blame for the recent financial panic on President Roosevelt, whom he denounced in severe terms. He charged the president with not being a sensible man and with having turned on the gas and not the light, and with going up and down the country condemning and striking with the big stick the heads of great industrial institutions.

Republican policies were attacked by Hardwick of Georgia, who predicted that the only safety for the party lay in the nomination of Secretary Taft for the presidency.

The national banking laws were discussed by Mr. Norris of Nebraska, who urged as a protection to depositors the taxing of bank deposits with the view of securing a fund for that purpose.

The resolution was pending when the house adjourned for the day.

STORMS IN THE FAR EAST

Occasioned Heavy Loss of Life and Property.

Victoria, B. C., Jan. 8.—The steamer Tremont, which has arrived from Manila and Far Eastern ports, brought news of disastrous storms and tidal waves at Manila and Far Eastern ports, which occasioned heavy loss of life and property. Nine steamers were stranded on the Hokkaido coast and lost. The Hashi Maru went down with twenty men, but of the other vessels, the crews were saved. Forty sailing craft were lost, with considerable loss of life. From Sapporo news was received that 588 fishing boats were wrecked or carried away, with heavy loss and over 1,000 buildings were flooded by tidal waves, drowning many persons.

LANDLORDS THREATENED.

Warned That Buildings Will Be Burned
If Tenants Are Evicted.

New York, Jan. 8.—Threats that their buildings would be burned if they evicted the tenants have been received by East Side landlords. The warnings were supposed to have come from the rent strikers and in general were on postals signed the "Red Flag," and worded as follows:
"We will move, but after your house has been vacated the fire department will visit you."

Point was given to the threats by a fire at a Madison street tenement, where the demands of the occupants for lower rents had been refused.

Grenock Inn Burned.

Lee, Mass., Jan. 8.—The Grenock Inn, one of the best known hotels in the Berkshire region, has been destroyed by fire. The loss is estimated from \$75,000 to \$100,000.

OPPOSITION OF A PRIEST.

Deeply Stirs Members of the Ancient
Order of Hibernians.

Philadelphia, Jan. 8.—Members of the Ancient Order of Hibernians were stirred through the refusal of the Rev. D. I. McDermott, rector of St. Mary's Roman Catholic church, to permit funeral services to be held in his church over the remains of John Daly, a parishioner, because a Hibernian lodge had been invited to attend the obsequies. The funeral had to be postponed. Father McDermott said he would permit the funeral to take place from St. Mary's only on condition that the invitation to the Hibernians be revoked. The widow of Daly agreed and in the printed funeral notice it was stated that "the invitation to the Ancient Order of Hibernians to attend the funeral is hereby revoked." The funeral was held from the church without the presence of the Hibernians.

Father McDermott, in explanation of his opposition to the society, said:

"My absolute opposition to the Ancient Order of Hibernians is based on my knowledge and the facts in my possession about the Molly Maguires, which I got officially from the condemned Molly Maguires themselves. No power on earth will ever make me recede one inch from my stand against the Hibernians. I have given my testimony against them, and what I said was true and is true, and I cannot compromise on it."

MUST PAY COAL BILL.

Mayor Johnson of Cleveland Loses
Case in Appellate Court.

Cincinnati, Jan. 8.—Mayor Tom Johnson of Cleveland must pay a \$20,000 coal bill to the Charles D. Norton company, coal dealers of Philadelphia, according to a decision by the United States circuit court of appeals handed down here.

The company supplied the Philadelphia and Lehigh Valley Traction company coal and Johnson guaranteed the payment of the traction company's bills up to \$20,000. The road was later thrown into the hands of a receiver and the Norton Coal company sued Johnson for the \$20,000. Johnson objected, claiming the neglect of the Norton company to collect the bill from the traction company released him from liability on the guarantee, inasmuch as the company did not exhaust its resources against the original debtor. The federal court at Cleveland decided against him and he appealed. The circuit court of appeals upholds the Cleveland court.

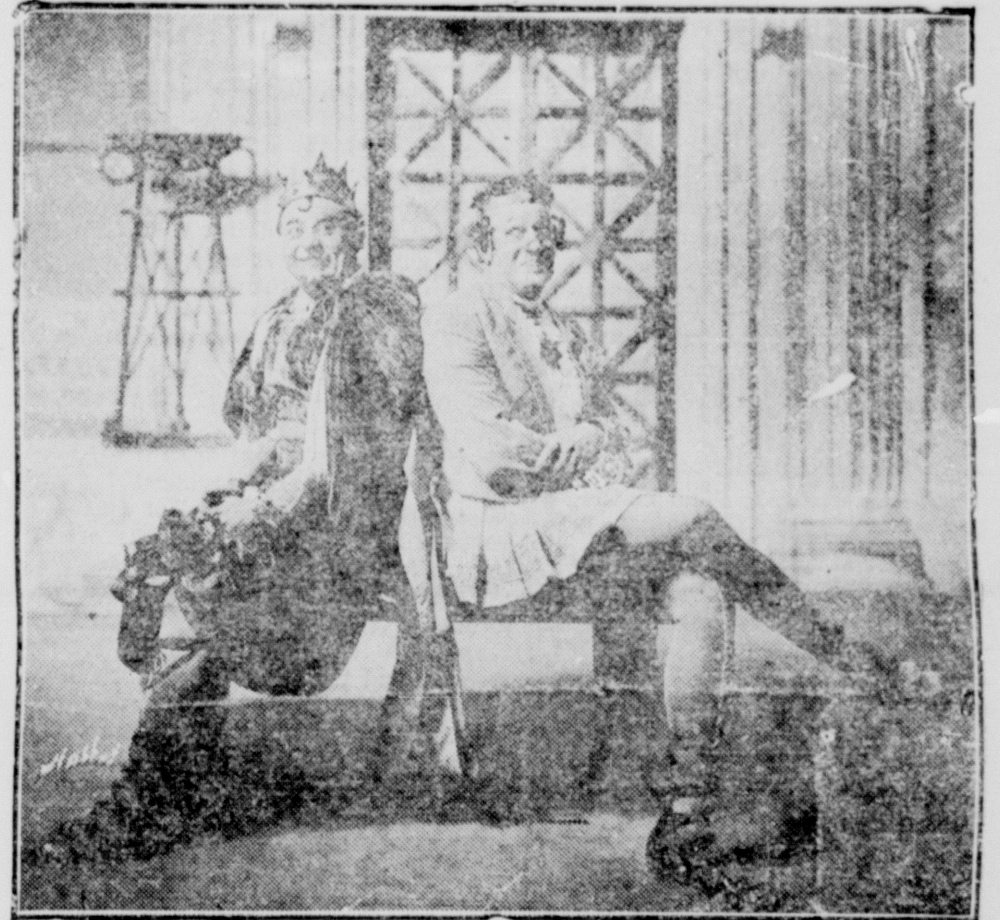

NIGHT RIDERS ARE ACTIVE

Armed Mob Pays Visit to Two More
Kentucky Towns.

Paris, Ky., Jan. 8.—Night riders made their appearance in force in the Burley district, visiting two towns, one in Fleming and the other in Bath county, and destroying two warehouses and a big general store. The raiders did not fire any shots in either place and left as soon as the work had been accomplished. The men were all masked and heavily armed and caused a reign of terror among the citizens of the little villages.

St. Paul Woman Attempts Suicide.

St. Paul, Jan. 8.—With a two-year-old baby and a widowed mother to support and unable to obtain employment, Mrs. Lizzie Conley drank a quantity of creolin. Her mouth was badly burned and she became unconscious. Police Surgeon Kelly was called and found the young woman in a serious condition. She was taken to the city hospital, and it is thought that she will recover.

Dr. Withrow, of International Falls, was in the city today on his way home from St. Paul, where he had been called by the illness of his children. He left them much improved on his return.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Telephone 164 John Coates Liquor Co. 17

Mr. and Mrs. Peter Walters left today noon for Denver, Col. From there they will go to Los Angeles, then to Fresno and San Francisco. From there they will go to Portland and thence home occupying about two months on the trip.

Commencing tomorrow evening, (Thursday) Rev. Charles Fox Davis will take up the study of the book of Job for his prayer-meeting themes. He has arranged to give the addresses in popular form so that the devotional side of the prayer-service may be retained. All students interested in this wonderful drama are invited to spend a pleasant evening. An inspiring song service will open the meeting.

Hiram Gilson, in the Miracle block, is the agent for you to see for 4 to 7 room houses and lots, on easy terms, in different parts of Brainerd. Make an offer on a patch of vacant lots on 7th St. S. 177t6

Major G. H. Schoof and Corporal Cooper left on the early morning train for Little Falls, where they will give their lecture entertainment tonight going thence to St. Cloud and reaching Minneapolis for Sunday. The Major has been engaged to give several lectures in the larger churches of that

city. The Major was again greeted with a full house at his lecture at the Methodist church last evening, and left Brainerd with nothing but praise for the hospitality and patronage shown him here.

The many friends in the city of Miss Mary Owen, a teacher in the Lincoln school, will regret to hear that she is in a hospital at Battle Creek, Mich., suffering a run of typhoid fever. She left here for her home in Michigan on Saturday preceeding Christmas, intending to spend that holiday with her parents, but stopped at Battle Creek to visit a niece a short time, when she was taken ill and was unable to proceed home. Her speedy recovery is anxiously hoped for by her friends in this city.

Peter McDonald, aged about 70, died suddenly at Neil McKay's, near Cross Lake yesterday. Mr. McDonald has made his home with Mr. McKay and at Ami Gould's for some years and will be remembered by those who have travelled up the Pine River road. Yesterday McDonald was assisting in getting a load of hay and when about ready to start to the barn complained of feeling faint and suddenly fell and expired within a few moments. The coroner was notified and the remains were brought to the city today.

A Good Thing for the New Year
Occident Flour

GREAT SCHOOL FOR MEXICO.

Southern Republic in 1910 Will Open Its First National University.

"In 1910 Mexico will open its first national university," said Professor Manuel Velasquez Andrade, an instructor in physical training in the normal school of Mexico City, who was recently interviewed at the Ebbitt House in Washington. Professor Andrade came to Washington to confer with the commissioner of education and to examine the public playgrounds of that city. He will visit several of the large colleges of the east for the purpose of studying the athletics practiced by the students of American colleges, with a view to adopting them in Mexico when the university is opened there, says the Washington Post.

"I have been in most of the countries of Europe, where I studied physical training and field athletics in connection with the principal universities of those countries," continued Professor Andrade, "and I am convinced that the United States is far ahead of all other countries in this respect. The young men who attend your colleges are better trained, more enthusiastic and better developed as a result of athletics than those of any place I visited in Europe, and this is due, I believe, to a more advanced system of physical training. We hope in Mexico to establish the same sports in connection with our university that are in vogue at American colleges.

"It is a mistake to believe that the Mexicans go in for brutal forms of sports, such as bull fighting. Your people have a wrong impression. Bull fights in Mexico are kept alive by the patronage of foreigners. At any exhibition of this sort you can find 60 per cent of the spectators composed of Americans, 25 per cent of Spaniards and the remaining 15 per cent, perhaps, of Mexicans. Bull fighting has been practiced so long in Mexico that it has become monotonous to the natives. But the first thing an American or other foreigner wants to see when he arrives in our country is a bull fight. In this way it has been made probably the most profitable form of amusement in the country, so profitable indeed that recently there was built in the City of Mexico what is perhaps the most expensive and finest bull fighting ring in the world. It cost in the neighborhood of \$1,000,000 and has a seating capacity for 15,000 spectators. Mexicans could not afford to patronize this sport if they desired. Foreigners readily pay from \$5 to \$10 for a seat at a bull fight."

RABBITS FOR A CITY'S POOR.

Kansas Man Offers a Suggestion For a Carload a Week.

Have the railroad companies furnish a car and ask the persons living near the railroad to kill rabbits. Have the rabbits brought to the depots on a certain day and loaded into a special car.

This is the plan R. A. Rogers of Selden, Kan., suggests to the Salvation Army, says the Kansas City Star. He believes a carload of rabbits could be furnished each week for the poor of Kansas City.

Major Arthur Cass of the Salvation Army believes the plan to be a good one, and he will ask the railroad companies to agree to the plan for transporting the rabbits to Kansas City. If satisfactory arrangements can be made an appeal for rabbits will be sent out.

Flowers to See and to Eat.

Novelties in table decorations which attracted the attention of dinner giving spectators at a food and cooking exhibition recently given in England were sugared roses, says the New York Press. Bouquets of real violets, roses and other flowers were coated with sugar, transforming the blossoms into edibles. Many of the blossoms were arranged in attractive groupings of their colors.

True—Would you marry an extravagant man? Dolly—That would depend, dear, on how long he had been extravagant.—Harper's Weekly.

A NARROW ESCAPE.

Uncle Reuben's Story of His First Ride in an Elevator.

Uncle Reuben came back from the city excited and nervous. He had gone to the city to transact some law business connected with his farm with a lawyer whose office was in a modern skyscraper and whose address Reuben carried along for memorandum.

"Waal," he began after his wife, alarmed at his changed condition, had threatened to summon the doctor from the nearest village if he would not explain his cause, "I had about th' skinniest shave from death this morning I ever heard on! It wuz in that lawyer's buildin' too. Y' see, I found th' right place an' started lookin' through th' buildin' fr' his name an' number. Finally after walkin' up stairs after stairs fr' over two hours I set daown all tired out on th' top step o' th' last stairway, completely discouraged.

"Where kin I find Lawyer Barnes' office? I asked a man hurryin' by me. He didn't stop, but just pointed his thumb at a young fellow standin' beside a litt'le cage-like room chewin' gum like sixty. So I stepped over an' into this little room an' asked th' boy if he wuz Lawyer Barnes' clerk. 'No,' he sez, a bit freshlike, 'but I'll see that y' see 'm.' Then that fresh young fellow hit th' wall a punch that did th' hull business!"

Here Reuben paused to cover his eyes and shake all over.

"He hadn't any more'n hit that wall when he dislodged that room's gilt-rich-quick fastenin's," he went on when his spell was over, "an' th' hull door o' that room fell right out an' daown them fifteen stories to th' ground, takin' me an' that young fellow with it!"

"Waal, thank God, here I be, Sarahy. How either o' us escaped gittin' every bone in our bodies broke I don't know an' don't care. All I know is that floor fell flat on th' ground an' we didn't lose our footin'. When that shock wuz over I hugged th' young fellow fr' joy an' give him a five dollar bill fr' openin' th' door an' lettin' me out ahead o' him. Then I hustled fr' home."—Bohemian Magazine.

HUSBAND AND WIFE.

The Pathetic Sequel to a Tragedy of the Alps.

Many years ago I read a pathetic story, which is constantly recalled to mind as the duties of this compilation compel me to read the records of past years and re-peruse the long closed letters of my beloved and live over again the happy days when we were all in all to each other. I do not remember all the details of the incident which so impressed me, but the chief facts were these:

A married couple were crossing one of the great glaciers of the Alpine regions when a fatal accident occurred. The husband fell down one of the huge crevasses which abound on all glaciers. The rope broke, and the depth of the chasm was so great that no help could be rendered, nor could the body be recovered. Over the wife's anguish at her loss we must draw the veil of silence. Forty years afterward saw her, with the guide who had accompanied them at the time of the accident, staying at the nearest hotel at the foot of the glacier, waiting for the sea of ice to give up its dead, for by the well known law of glacier progression the form of her long lost husband might be expected to appear, expelled from the mouth of the torrent about that date. Patiently and with unflinching constancy they watched and waited, and their hopes were at last rewarded.

One day the body was released from its prison in the ice, and the wife looked again on the features of him who had been so long parted from her. But the pathos of the story lay in the fact that she was then an old woman, while the newly rescued body was that of quite a young and robust man, so faithfully had the crystal casket preserved the jewel which it held so long. The forty years had left no wrinkles on that marble brow. Time's withering fingers could not touch him in that tomb, and so for a few brief moments the aged lady saw the husband of her youth as he was in the days which were gone forever.—C. H. Spurgeon's Autobiography.

A Flareback.

"Brudder Jones, if you didn't smoke you might own a brick house like what I does."

"Look here, man, don't you come pesterin' wit' me like dat. You didn't git dat brick house by not smokin'. You got it by borrowin' mah newspaper to read an' mah clothes to wear an' mah vittles to eat. You may be a fly financier, but dat don't gib you no license to set up fer a human copy book!"—St. Louis Republic.

Discipline.

A Frenchman was teaching in a large school, where he had a reputation for making some queer mistakes. One day he was taking a class which was rather disorderly. What with the heat and troublesome boys he was very snappish. Having punished several boys and sent one to the bottom of the form, he at last shouted out in a passion, "Ze whole class go to ze bottom!"—London Scraps.

Wasted Time.

"You are wasting your time painting pictures."

"But I sell my pictures," protested the artist.

"And that convinces me that you can sell anything. Such being the case, why not take up life insurance or steel bridges or something with big money in it?"—Louisville Courier-Journal.

When we think to catch we are sometimes caught.—Spanish Proverb.

IN FEDERAL SUPREME COURT

Legality of Minneapolis Sunday Closing Law Upheld.

That the Minneapolis city ordinance prohibiting the keeping of saloons open on Sundays is not in violation of the federal Constitution was in effect judicially declared by the supreme court of the United States in the case of the state of Minnesota vs. Val Marchiak.

Marchiak is the owner of a saloon in Minneapolis and was prosecuted in the municipal court of that city. Sentenced to pay a fine of \$25 he appealed to the state supreme court, where he lost. He then brought the case to the federal court, where the ruling of the state court was affirmed. Marchiak raised the question in the supreme court that the proceeding of the city court in refusing him a jury trial was a summary act such as is not justified by the Constitution, but the higher court refused to accept that view. The decision of the court was announced by Chief Justice Fuller, but he submitted no written opinion.

TRAGEDY AT WABASHA.

James Margastad Said to Have Been Shot by Peter Nigg.

Peter Nigg is in the county jail at Wabasha awaiting the action of the grand jury at the May term of the district court and James Margastad is at St. Elizabeth hospital at Wabasha in a very serious condition with two charges of No. 6 shot fired from a shotgun in his body. Nigg is charged with the shooting, which he denies. Nigg, it is said, was ejected from the Margastad home because he was abusive and thereupon, it is alleged, he shot Margastad.

St. Paul Man Asphyxiated.

D. J. McCarthy of the freight claim department of the Great Northern railway was found dead in his room in the Porter hotel at St. Paul from gas poisoning. Coroner A. W. Miller was called and after an examination the body was taken to the county morgue, where the coroner will make a further investigation into the case. McCarthy was found dead in bed and the gas was turned on. It is supposed that he accidentally turned the gas on after extinguishing the light.

Duluth Primary Election.

In the hottest primary fight Duluth has ever witnessed Emil Tessonman received the Democratic nomination for mayor, defeating Mayor M. B. Cullum by what the final returns show to have been a plurality of 138 votes. The most astounding feature of the election was the number of votes cast. More than 7,700 votes were polled in the city, a number equal to that generally polled at a general election. Of these more than 5,500 were Democratic.

Railroad Employee Killed.

George Dutcher, an employee of the Milwaukee and St. Paul railway at Wabasha, had both legs cut off just above the knees. He was taken to St. Elizabeth's hospital and died an hour later. Dutcher was employed in the capacity of clinder pit cleaner and was in the pit shoveling when a switch engine kicked three cars down the track over which he was working. In his effort to get out he was caught, the cars passing over him.

Early Lid at St. Paul.

Chief of Police O'Connor of St. Paul has placed the 11 o'clock lid on that city. The new regulation caused some excitement among the uninitiated. The saloonkeepers, who had been previously advised that the state law was in effect, told their customers that the lid was on. Several rows occurred, but the policemen were reasonable and the crowds were dispersed without trouble.

Young Woman Dies in Flames.

Katherine Krick of Melrose, about twenty years of age, lost her life in a burning house. While attempting to escape from the building the girl became suffocated and fell into the flames. Her body was recovered twenty minutes later, but it was charred and unrecognizable. John Krick, the girl's father, was badly burned, but will recover.

St. Paul Club Goes to Chicago.

James J. Callahan, owner of the Logan Square baseball park at Chicago, has been offered the Chicago franchise of the American association and has accepted it. To show that the magnates in the organization are a unit on the proposition President George E. Lennon of the St. Paul club has offered to sell his franchise and players to Callahan.

Injured in Auto Accident.

As the result of a collision between a street car and an automobile at Minneapolis Thomas C. Hough was badly cut about the head and perhaps suffered internal injuries. His wife and daughter Edith, who were thrown from the machine, escaped uninjured. Hough's injuries are serious.

Minneapolis Girl Killed.

Margaret Wiggins, aged eleven years, was killed in a collision of two iceboats on Lake Calhoun, near Minneapolis. The girl was with a party of friends when the collision occurred and received her fatal injuries by being thrown from the boat. All others on the boats escaped fatal injury.

Mille Lacs Indians May Sue

Congressman Bede has introduced a bill in the house to confer jurisdiction on the court of claims in the suit which the Mille Lac Indians may institute for the recovery of the value of 61,000 acres of land lost to them by their removal to the White Earth reservation.

Respect For Funerals.

A French friend of mine who has been staying in Glasgow for a short time is amazed, not to say shocked, at the indifference of the crowd during the passing of a funeral. They do things differently in France. Even in the crowded streets of Paris every one lifts his hat or cap at the sight of a funeral; in many cases the onlooker stands bareheaded till the cortege has filed past slowly. My French friend assures me that in some parts of his country one would run the risk of almost being assaulted if the obsequies were neglected.—Glasgow News.

The Fool at the Station.

A man stepped up to the counter in the ticket office of the Colorado Midland railway the other afternoon and said:

"What time can a man go to Glenwood?"

"At 7:30 o'clock tonight," replied the ticket seller.

"Thanks," said the man.

At this point a woman, who had been standing back a short distance waiting her turn to ask some questions, stepped up. "Can a woman go at that time, too?" she asked seriously.—Denver Post.

WEATHER FORECAST

Generally fair tonight and Wednesday cooler Wednesday and west portion tonight.

WEDNESDAY, JANUARY 8, 1908

LOCAL NEWS NOTES

C. A. Neuman, of Duluth, is in the city today.

Hon. Judd LaMoore was in the city today on business.

Rev. J. F. McLeod returned today from a trip to Fergus Falls.

New \$65 organ left at the Singer store for sale at \$48, \$3 per month. 17913

Olson Skau, C. M. Peterson and Otto Huglund, of Deerwood, were in the city today.

Harold Saunders fell from a car while switching last night and sprained his ankle.

Neil O'Brien will leave tomorrow morning for Notre Dame to attend school.

Mayor R. R. Wise returned today from Fargo, where he had been on business.

Any one wishing an experienced nurse or mid-wife, call at 502 Norwood St. Mrs. Sherman. 1791

Mrs. Doty, daughter of Mrs. Geo. Bideau, who has been visiting here, went to the twin cities this morning.

Supt. Strachan, of the Minnesota & International went to International Falls yesterday afternoon in the business car of the company.

Eugene Wood, who has been visiting in Pine River, returned today accompanied by his brother Wm. They went to Minneapolis on business this afternoon.

White Cross Lodge, K. of P. will install officers tonight. The Rathbone Sisters will be invited guests. A banquet and social session will follow the installation.

Try our California wines and brandies. John Coates Liquor Co., Phone 164. Goods delivered. 1791

Conductor Griffin, of the Minnesota & International railroad got his hand hurt while shutting a car door yesterday and came down today for a brief recuperation at his home in Deerwood.

Mrs. William Andrews, of Emily, returned to her home today after a five weeks visit to the twin cities and other points in Minnesota, staying for the past few days with Brainerd friends.

Careful housekeepers usually keep a supply of Hunt's Perfect Baking Powder and Extracts, as they know they are to be depended upon for perfect results.

E. C. Bane has installed a mammoth regina concertin to furnish music for his skating rink, which bids fair to be a great drawing card. It is owned by W. W. Graham.

Wm. Wood has opened an office in the Wise block and his daughter, Miss Ella Wood will assist him in the book work and correspondence incident to the lath manufacturing business.

Dr. Withrow, of International Falls, was in the city today on his way home from St. Paul, where he had been called by the illness of his children. He left them much improved on his return.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Telephone 164 John Coates Liquor Co. 1791

Mr. and Mrs. Peter Walters left today noon for Denver, Col. From there they will go to Los Angeles, then to Fresno and San Francisco. From there they will go to Portland and thence home occupying about two months on the trip.

Commencing tomorrow evening, (Thursday) Rev. Charles Fox Davis will take up the study of the book of Job for his prayer-meeting themes. He has arranged to give the addresses in popular form so that the devotional side of the prayer-service may be retained. All students interested in this wonderful drama are invited to spend a pleasant evening. An inspiring song service will open the meeting.

Hiram Gilson, in the Miracle block, is the agent for you to see for 4 to 7 room houses and lots, on easy terms, in different parts of Brainerd. Make an offer on a patch of vacant lots on 7th St. S. 17716

Major G. H. Schoof and Corporal Cooper left on the early morning train for Little Falls, where they will give their lecture entertainment tonight going thence to St. Cloud and reaching Minneapolis for Sunday. The Major has been engaged to give several lectures in the larger churches of that

city. The Major was again greeted with a full house at his lecture at the Methodist church last evening, and left Brainerd with nothing but praise for the hospitality and patronage shown him here.

The many friends in the city of Miss Mary Owen, a teacher in the Lincoln school, will regret to hear that she is in a hospital at Battle Creek, Mich., suffering a run of typhoid fever. She left here for her home in Michigan on Saturday preceeding Christmas, intending to spend that holiday with her parents, but stopped at Battle Creek to visit a niece a short time, when she was taken ill and was unable to proceed home. Her speedy recovery is anxiously hoped for by her friends in this city.

Peter McDonald, aged about 70, died suddenly at Neil McKay's, near Cross Lake yesterday. Mr. McDonald has made his home with Mr. McKay and at Ami Gould's for some years and will be remembered by those who have travelled up the Pine River road. Yesterday McDonald was assisting in getting a load of hay and when about ready to start to the barn complained of feeling faint and suddenly fell and expired within a few moments. The coroner was notified and the remains were brought to the city today.

GREAT SCHOOL FOR MEXICO.

Southern Republic in 1910 Will Open Its First National University.

"In 1910 Mexico will open its first national university," said Professor Manuel Velasquez Andrade, an instructor in physical training in the normal school of Mexico City, who was recently interviewed at the Ebbitt House in Washington. Professor Andrade came to Washington to confer with the commissioner of education and to examine the public playgrounds of that city. He will visit several of the large colleges of the east for the purpose of studying the athletics practiced by the students of American colleges, with a view to adopting them in Mexico when the university is opened there, says the Washington Post.

"I have been in most of the countries of Europe, where I studied physical training and field athletics in connection with the principal universities of those countries," continued Professor Andrade, "and I am convinced that the United States is far ahead of all other countries in this respect. The young men who attend your colleges are better trained, more enthusiastic and better developed as a result of athletics than those of any place I visited in Europe, and this is due, I believe, to a more advanced system of physical training. We hope in Mexico to establish the same sports in connection with our university that are in vogue at American colleges."

"It is a mistake to believe that the Mexicans go in for brutal forms of sports, such as bull fighting. Your people have a wrong impression. Bull fights in Mexico are kept alive by the patronage of foreigners. At any exhibition of this sort you can find 60 per cent of the spectators composed of Americans, 25 per cent of Spaniards and the remaining 15 per cent, perhaps, of Mexicans. Bull fighting has been practiced so long in Mexico that it has become monotonous to the natives. But the first thing an American or other foreigner wants to see when he arrives in our country is a bull fight. In this way it has been made probably the most profitable form of amusement in the country, so profitable indeed that recently there was built in the City of Mexico what is perhaps the most expensive and finest bull fighting ring in the world. It cost in the neighborhood of \$1,000,000 and has a seating capacity for 15,000 spectators. Mexicans could not afford to patronize this sport if they desired. Foreigners readily pay from \$5 to \$10 for a seat at a bull fight."

RABBITS FOR A CITY'S POOR.

Kansas Man Offers a Suggestion For a Carload A Week.

Have the railroad companies furnish a car and ask the persons living near the railroad to kill rabbits. Have the rabbits brought to the depots on a certain day and loaded into a special car.

This is the plan R. A. Rogers of Seiden, Kan., suggests to the Salvation Army, says the Kansas City Star. He believes a carload of rabbits could be furnished each week for the poor of Kansas City.

Major Arthur Cass of the Salvation Army believes the plan to be a good one, and he will ask the railroad companies to agree to the plan for transporting the rabbits to Kansas City. If satisfactory arrangements can be made an appeal for rabbits will be sent out.

Flowers to See and to Eat.

Novelties in table decorations which attracted the attention of dinner giving spectators at a food and cooking exhibition recently given in England were sugared roses, says the New York Press. Bouquets of real violets, roses and other flowers were coated with sugar, transforming the blossoms into edibles. Many of the blossoms were arranged in attractive groupings of their colors.

IN FEDERAL SUPREME COURT

Legality of Minneapolis Sunday Closing Law Upheld.

That the Minneapolis city ordinance prohibiting the keeping of saloons open on Sundays is not in violation of the federal Constitution was in effect judicially declared by the supreme court of the United States in the case of the state of Minnesota vs. Val Marcinak.

Marcinak is the owner of a saloon in Minneapolis and was prosecuted in the municipal court of that city. Sentenced to pay a fine of \$25 he appealed to the state supreme court, where he lost. He then brought the case to the federal court, where the ruling of the state court was affirmed. Marcinak raised the question in the supreme court that the proceeding of the city court in refusing him a jury trial was a summary act such as is not justified by the Constitution, but the higher court refused to accept that view. The decision of the court was announced by Chief Justice Fuller, but he submitted no written opinion.

TRAGEDY AT WABASHA.

James Margastad Said to Have Been Shot by Peter Nigg.

Peter Nigg is in the county jail at Wabasha awaiting the action of the grand jury at the May term of the district court and James Margastad is at St. Elizabeth hospital at Wabasha in a very serious condition with two charges of No. 6 shot fired from a shotgun in his body. Nigg is charged with the shooting, which he denies. Nigg, it is said, was ejected from the Margastad home because he was abusive and thereupon, it is alleged, he shot Margastad.

St. Paul Man Asphyxiated.

D. J. McCarthy of the freight claim department of the Great Northern railway was found dead in his room in the Porter hotel at St. Paul from gas poisoning. Coroner A. W. Miller was called and after an examination the body was taken to the county morgue, where the coroner will make a further investigation into the case. McCarthy was found dead in bed and the gas was turned on. It is supposed that he accidentally turned the gas on after extinguishing the light.

Duluth Primary Election.

In the hottest primary fight Duluth has ever witnessed Emil Tessman received the Democratic nomination for mayor, defeating Mayor M. B. Cullum by what the final returns show to have been a plurality of 138 votes. The most astounding feature of the election was the number of votes cast. More than 7,700 votes were polled in the city, a number equal to that generally polled at a general election. Of these more than 5,500 were Democratic.

Railroad Employee Killed.

George Dutcher, an employee of the Milwaukee and St. Paul railway at Wabasha, had both legs cut off just above the knees. He was taken to St. Elizabeth's hospital and died an hour later. Dutcher was employed in the capacity of cinder pit cleaner and was in the pit shoveling when a switch engine kicked three cars down the track over which he was working. In his effort to get out he was caught, the cars passing over him.

Early Lid at St. Paul.

Chief of Police O'Connor of St. Paul has placed the 11 o'clock lid on that city. The new regulation caused some excitement among the uninitiated. The saloonkeepers, who had been previously advised that the state law was in effect, told their customers that the lid was on. Several rows occurred, but the policemen were reasonable and the crowds were dispersed without trouble.

Young Woman Dies in Flames.

Katherine Krick of Melrose, about twenty years of age, lost her life in a burning house. While attempting to escape from the building the girl became suffocated and fell into the flames. Her body was recovered twenty minutes later, but it was charred and unrecognizable. John Krick, the girl's father, was badly burned, but will recover.

St. Paul Club Goes to Chicago.

James J. Callahan, owner of the Logan Square baseball park at Chicago, has been offered the Chicago franchise of the American association and has accepted it. To show that the magnates in the organization are a unit on the proposition President George E. Lennon of the St. Paul club has offered to sell his franchise and players to Callahan.

Injured in Auto Accident.

As the result of a collision between a street car and an automobile at Minneapolis Thomas C. Hough was badly cut about the head and perhaps suffered internal injuries. His wife and daughter Edith, who were thrown from the machine, escaped uninjured. Hough's injuries are serious.

Minneapolis Girl Killed.

Margaret Wiggins, aged eleven years, was killed in a collision of two iceboats on Lake Calhoun, near Minneapolis. The girl was with a party of friends when the collision occurred and received her fatal injuries by being thrown from the boat. All others on the boats escaped fatal injury.

Mille Lac Indians May Sue

Congressman Bede has introduced a bill in the house to confer jurisdiction on the court of claims in the suit which the Mille Lac Indians may institute for the recovery of the value of 61,000 acres of land lost to them by their removal to the White Earth reservation.

Respect For Funerals.

A French friend of mine who has been staying in Glasgow for a short time is amazed, not to say shocked, at the indifference of the crowd during the passing of a funeral. They do things differently in France. Even in the crowded streets of Paris every one lifts his hat or cap at the sight of a funeral; in many cases the onlooker stands bareheaded till the cortege has filed past slowly. My French friend assures me that in some parts of his country one would run the risk of almost being assaulted if the obsequies were neglected.—Glasgow News.

The Fool at the Station.

A man stepped up to the counter in the ticket office of the Colorado Midland railway the other afternoon and said:

"What time can a man go to Glenwood?"

"At 7:30 o'clock tonight," replied the ticket seller.

"Thanks," said the man.

At this point a woman, who had been standing back a short distance waiting her turn to ask some questions, stepped up. "Can a woman go at that time, too?" she asked seriously.—Denver Post.

WOULD HAVE THE POOR FARM SOLD

Petition Presented to the County Commissioners Asking that This be Done

WOULD DIVIDE THE PROCEEDS

Claim Made that Iron Men Wanting the Farm are Back of the Movement

A petition was prepared by F. Norcross, town clerk of Bay Lake and will be presented to the county commissioners at a future meeting asking that the poor farm be sold and the proceeds divided among the various towns. The petition recites that the outlying towns are being taxed to support the poor of Brainerd, and asks that the town system of caring for the poor be adopted. The DISPATCH has looked over the financial statement of the county for several years back and finds the following recapitulation of poor funds:

	1904	1905	1906	1907
Operating expenses.....	\$2150 77	\$1901 00	\$2420 29	\$2332 59
Improvements and betterments.....	321 21	880 95	909 09	1201 79
Temporary aid to paupers.....	240 93	208 29	103 78	107 40
Board and care sick paupers.....	841 20	582 50	370 30	166 65
Burial paupers and cemetery lot.....	485 15	167 90	126 80	118 10
County physician.....	436 92	579 50	600 00	600 00
Commissioners visiting poor.....	24 40	19 00	51 10
Interest poor fund warrants.....	14 79	56 51
Transportation paupers.....	18 11	168 90	79 33	3 00
Totals.....	4506 48	4427 84	4670 71	4529 53
Sale of produce.....	1907 89	1576 05	808 88	1322 43
Inventory farm value.....	18150 00	19500 00	20500 00	20500 00
Value personal property.....	4455 00	4000 00	4000 00

The number of paupers at the poor farm is embraced in the various reports of the steward, but those of previous years are filed in the dark vaults in the basement of the court house, with the exception of one year and Auditor Smart was so busy with the work of the first of the year, that the writer did not ask him to dig them up. The report for 1906 showed 2686 days board or an average of 7 and 117-355 for the year. The report for 1907 had not been filed on Saturday last.

The claim is made by those favoring the change that the cost of maintaining the poor at the poor farm is excessive, that it is and always will be necessary to extend temporary outside aid and that the few chronic paupers could be cared for cheaper outside the poor farm.

On the other hand it is urged by County Attorney Warner, and others, that the iron speculators have been after the farm for a long time and being unable to get any option from the county are seeking to create sentiment which will force selling the farm that they may profit thereby.

Those advocating the sale put the subject something like this: For the 1904 the expenses and betterments, so called, amounted to \$2471.77 and the interest at 5 per cent on an investment of \$22,615 would be the sum \$1,130.75, making a total cost to the county of \$3,502.62, less \$1,957.79, for sale of produce, leaving a net cost of \$1,544.83. In 1905 the same items show a net cost of \$2,336.51. In 1906 the net cost was \$3,745.50. That year there were an average of about 7 1/2 paupers at the poor farm, which would make the average cost about \$511 per year per pauper. They also, in addition to this, point out that there was paid out \$370.30 for the care and board of sick paupers, which would indicate that the county farm did not care for the invalids. In 1907 the net cost is, according to the same items, \$3,326.95. Mention is also made by the advocates of the sale of the fact that 220 acres

of the best land in the county is removed from the tax lists because of it belonging to the county and if sold that would be added to the taxable resources of the county.

The advocates of the retention of the farm declare that without a county farm each town will be compelled to maintain one and that there will be not only a steward but all his friends to board at the town farm. And so the merry war goes on between the supporters and condemners of the poor farm.

John McCullough was re-elected steward of the poor farm for the coming year.

Simple Remedy for Lagrippe

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. H. P. Dunn.

NORTH STAR ELECTS

North Star Society Elected Officers Tuesday Evening--Will Celebrate Anniversary

The North Star society elected the following officers at its regular meeting Tuesday evening:

Pres.—Gothfred S. Swanson.
V. P.—Albert F. Halberg.
Treas.—Mons Mahlum.
Sec.—J. Henry Johnson.
M. of C.—A. J. Ellison.
Trustee for three years—A. G. Lagerquist.

February 29th will be the 25th anniversary of the institution of the lodge and the event will be celebrated in fitting manner. There will be a social evening with refreshments and other entertainment.

Disturbed the Congregation

The person who disturbed the congregation last Sunday by continually coughing is requested to buy a bottle of Foley's Honey and Tar. H. P. Dunn. mwf d w

MANY CHANGES ARE RUMORED

Reports are Current of Many Changes in Railroad Circles in the Near Future

DIVISIONS ARE TO BE UNITED

Report that Kline is to be Superintendent of Consolidated Division

Two of the business cars of the Northern Pacific railroad company were in the city yesterday, General Superintendent Gilbert being here with his car and a party of officials while Wm. Moir, mechanical superintendent and H. M. Curry, general master mechanic, were here in the former's car. Even local railroad men could learn little if anything of the object of the visit. Mr. Gilbert and his party left this morning, while Mr. Moir and his party were still here this afternoon.

Rumors of other changes continue persistent. One which seems to be reliable is that Supt. Fowler, of the St. Paul division is to return to duty as superintendent of the terminals at the twin cities, that Division Superintendent Sovereign, whose resignation has been rumored for some months, will leave the service of the road and that Newnan Kline, assistant general superintendent will be assigned to the charge of the combined St. Paul and Minnesota division, with headquarters at Minneapolis. According to the rumor the dispatcher's office at Staples will be continued as at present. The office of assistant general superintendent will, it is reported, be abolished. The date for this change according to the rumors is tomorrow morning. These may be mere rumors, but they certainly have the credence of many of the local railway employees.

Notice

All school children who have had diphtheria during the past six weeks will not be allowed to re-enter school until I have made a bacteriological test of their throats. DR. R. A. BEISE, 179tf
Chair Board of Health.

RAILWAY POSITIONS

GUARANTEED—We want 200 able-bodied young men to take a short course of instruction in Telegraphy and Railroading at our school and for whom we will secure positions at telegraph operators and agents as soon as course is completed. Easy to learn. Good salary. Write for free Catalog. THOMPSON'S RAILWAY COLLEGE, Minneapolis, Minn.

TEARING DOWN DOCK

Brown-Burt Logging Company Pulling Up old Brainerd Lumber Co. Docks in Rice Lake

The Brown-Burt Logging company has a crew of men at work pulling up the old unloading dock of the Brainerd Lumber company. The structure has been about one-third demolished and the work will be completed as soon as possible. The removal of the dock will be of great benefit to owners of launches plying in Rice lake and the Mississippi river. The removal of the dock would also seem to indicate the falsity of the reports that there is to be a mill built on the old site this winter. The poorer portions of the dock will be sold as wood while the better portions will be sold as timbers.

How to Avoid Pneumonia

You can avoid pneumonia and other serious results from a cold by taking Foley's Honey and Tar. It stops the cough and expels the cold from the system as it is mildly laxative. Refuse any but the genuine in the yellow package. H. P. Dunn. mwf d w

Notice

A. O. U. W. and Degree of Honor will hold joint installation on Thursday evening and all members are requested to attend. Refreshments will be served by the Degree of Honor. 182tf

DEDICATED THEIR HALL

Little Falls Masons Consecrated New Home and Had Very Pleasant Banquet Tuesday Evening

The Brainerd Masons who went to Little Falls Tuesday afternoon to attend the dedicatory services of the new hall of Little Falls lodge report a very pleasant time. Most of them returned on the 10:45 train. The dedicatory services were conducted by the grand lodge officers after which a banquet was served at the Buckman hotel. The Brainerd contingent was compelled to leave just as the feast of reason and flow of soul, following the banquet, commenced and missed that very pleasant feature of the occasion.

A Card

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe, coughs and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. H. P. Dunn. mwf d w

BUILDING WILL BE READY

Sleeper Block will be Ready for Occupancy by About the First of February as Expected

Work on the Sleeper block is progressing rapidly. All the plastering on the lower floor is completed. The steel ceilings are in and the painters are painting them in one room while in the other the carpenters are at work laying the maple floors.

As stated previously, one room will be occupied by John Carlson, with his clothing store and the other by Canelas Bros. with a fruit store and candy manufactory.

The plasterers have commenced work on the second story and it will soon be ready for the carpenters. The Bohemian club has one fine room and the others have not yet been rented.

INSTALLED OFFICERS

Brainerd Council, No. 266, Royal League Recently Installed Newly Elected Officers

Brainerd Council, No. 266, Royal League on Friday evening installed the following officers for the ensuing term:

Archon—W. W. Hutchins.
Vice Archon—A. F. Halberg.
Past Archon—Fred E. Stout.
Orator—C. C. Sorenson.
Scribe—Howard M. Smith.
Collector—G. S. Swanson.
Treasurer—Judge C. A. Albright.
Prelate—J. C. Manville.
Guide—C. A. Theorin.
Warder—Geo. L. Ramsey.
Sei try—Alvin O. Reiquam.
Trustees—Dr. O. T. Batcheller, Wm. Tudor and Dr. J. A. Thabes.
Representative to advisory council—Fred E. Stout.
Alternate to advisory council—W. W. Hutchins.
District Deputy—C. C. Sorenson.

Not "Additional"

The item in yesterday's DISPATCH referring to the county treasurer's allowance for clerk hire was erroneous in that it stated "County Treasurer Adair was granted \$360 additional clerk hire." The allowance was not "additional" being merely the amount allowed yearly and which is fixed by the commissioners under the law.

GEORGE FROST DEAD

Pioneer Resident of Crow Wing County Died in this City Today After Long Illness

Geo. Frost, of Hellsburg, died at St. Joseph's hospital this morning after an illness of many weeks, from a stomach disorder. Relatives in other places have been summoned and until their arrival, there will be no funeral arrangements made. Mrs. Frost, who has been here with him, is stopping at the home of W. E. Snell.

An insidious Danger

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. H. P. Dunn. mwf d w

Card of Thanks

We wish to extend our heartfelt thanks to all those who so kindly assisted us during the sickness and death of our wife and mother. We wish especially to express our gratitude to the Molders' Union, the A. O. U. W., F. O. E. and the United Order of Foresters.

GEO. W. PIPPY AND FAMILY.

Steamer Mount Royal Safe.

Queenstown, Jan. 8.—The long overdue steamer Mount Royal has steamed slowly into Queenstown and the news of her safety was received with gladness in shipping circles. She had not been heard from in many days. She left Antwerp Dec. 7 for St. John, N. B., with 300 passengers and a crew of 100. She encountered severe storms and had trouble with her boilers.

It requires the expenditure of eight times the energy to go upstairs that is required for the same distance on the level.

RAILROAD NEWS

According to late rumors the Duluth & Rainy River road is to pass into the hands of the Northwestern system, the Chicago, St. Paul Minneapolis & Omaha being the direct purchasers. The officers of the Rainy River road deny the story but it seems to be given credence in railway circles.

There is also a report that the Great Northern will be extended north from Deer River toward International Falls. If this be true it probably means the construction of the proposed line from Millaca to Deer River, along the west side of Mille Lacs, which would give a still shorter route to the border from the twin cities.

The Chicago & Northwestern railroad some time ago announced that hereafter total abstainers would be given the preference in promotions. As a result the first of the year a monster pledge was circulated among the employees of the system and it is reported to have been signed by 12,000 of the employees of the road.

BACK GIVES OUT

Plenty of Brainerd Readers Have This Experience

You tax the kidneys—overwork them. They can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

Brainerd people tell you how they act.

David Northrup, of 918 Front St., Brainerd, Minn., says: "Backache and kidney complaint were of short duration in my case after I began using Doan's Kidney Pills, procured at H. P. Dunn's drug store. There has been a dull steady aching in my back and lameness across the loins. It only required one box of Doan's Kidney Pills to regulate the action of the kidneys to a normal condition, remove the backache and impart tone and strength to the parts affected. From the results I obtained I believe any sufferer from kidney complaint will find in Doan's Kidney Pills a most valuable remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doans—and take no other.

Yet He Wished Him Well. "Between emotionalism and formalism in religion," says a Washington clergyman, "there is a golden mean—a reflection that came to me upon the conclusion of my remarks to a colored congregation in Richmond.

"I had invited an aged deacon to offer prayer. 'O Lord,' prayed he, 'gib dis pore brudder de eye of de eagle, dat he spy out sin afar off. Glue his hands to de gospel plow. Tie his tongue to de line of truf. Nail his yere to de gospel pole. Bow his head way down between his knees, O Lord, an' fix his knees way down in some lonesome, dark an' narrer valley where prayer is much wanted to be made. 'Noint him wif de kerosene tile of salvashun an' set him on fire!"

CATARRH YIELDS

To Healing Air of Hyomei. Sold Under Guarantee by H. P. Dunn

Catarrh is the most prevalent disease known to humanity. Probably ninety per cent. of the people in this country suffer at one time or another with this common disease.

It is a germ disease and hence can be cured only by some method that will reach and destroy the germs.

This is best found in Hyomei, which may be called the direct method of treating catarrh, as its medication, taken in with the air you breathe, goes directly to every air cell in the nose, throat and lungs; kills all catarrhal germs; heals the irritated mucous membrane and vitalizes the tissues so as to render catarrh no longer possible.

The unique way in which Hyomei is sold should dispel all doubt as to its curative properties, for H. P. Dunn gives his absolute guarantee to refund the price to any catarrh sufferer that Hyomei fails to benefit. You do not risk a cent in testing its healing powers. What offer could be more fair to you than this, where a leading druggist takes all the risk of Hyomei giving satisfaction, and leaves you to be the judge.

WOULD HAVE THE POOR FARM SOLD

Petition Presented to the County Commissioners Asking that This be Done

WOULD DIVIDE THE PROCEEDS

Claim Made that Iron Men Wanting the Farm are Back of the Movement

A petition was prepared by F. Norcross, town clerk of Bay Lake and will be presented to the county commissioners at a future meeting asking that the poor farm be sold and the proceeds divided among the various towns. The petition recites that the outlying towns are being taxed to support the poor of Brainerd, and asks that the town system of caring for the poor be adopted. The DISPATCH has looked over the financial statement of the county for several years back and finds the following recapitulation of poor funds:

	1904	1905	1906	1907
Operating expenses.....	\$2150 77	\$1901 00	\$2420 29	\$2332 59
Improvements and betterments.....	321 21	880 95	909 09	1201 79
Temporary aid to paupers.....	240 93	208 39	103 78	107 40
Board and care sick paupers.....	841 20	582 50	370 30	166 65
Burial paupers and cemetery lot.....	485 15	167 90	126 80	118 10
County physician.....	436 92	579 50	600 00	600 00
Commissioners visiting poor.....	24 40	19 00	51 10
Interest poor fund warrants.....	14 79	56 51
Transportation paupers.....	18 11	168 90	79 33	3 00
Totals.....	4506 48	4427 84	4670 71	4529 53
Sale of produce.....	1907 89	1576 05	808 88	1322 43
Inventory farm value.....	18150 00	19500 00	20500 00	20500 00
Value personal property.....	4465 00	4000 00	4000 00

The number of paupers at the poor farm is embraced in the various reports of the steward, but those of previous years are filed in the dark vaults in the basement of the court house, with the exception of one year and Auditor Smart was so busy with the work of the first of the year, that the writer did not ask him to dig them up. The report for 1906 showed 2686 days board or an average of 7 and 117-365 for the year. The report for 1907 had not been filed on Saturday last.

The claim is made by those favoring the change that the cost of maintaining the poor at the poor farm is excessive, that it is and always will be necessary to extend temporary outside aid and that the few chronic paupers could be cared for cheaper outside the poor farm.

On the other hand it is urged by County Attorney Warner, and others, that the iron speculators have been after the farm for a long time and being unable to get any option from the county are seeking to create sentiment which will force selling the farm that they may profit thereby.

Those advocating the sale put the subject something like this: For the 1904 the expenses and betterments, so called, amounted to \$2471.77 and the interest at 5 per cent on an investment of \$22,615 would be the sum \$1,130.75, making a total cost to the county of \$3,502.62, less \$1,957.79, for sale of produce, leaving a net cost of \$1,544.83. In 1905 the same items show a net cost of \$2,336.51. In 1906 the net cost was \$3,745.50. That year there were an average of about 7 1/2 paupers at the poor farm, which would make the average cost about \$511 per year per pauper. They also, in addition to this, point out that there was paid out \$370.30 for the care and board of sick paupers, which would indicate that the county farm did not care for the invalids. In 1907 the net cost is, according to the same items, \$3,326.95. Mention is also made by the advocates of the sale of the fact that 220 acres

of the best land in the county is removed from the tax lists because of it belonging to the county and if sold that would be added to the taxable resources of the county.

The advocates of the retention of the farm declare that without a county farm each town will be compelled to maintain one and that there will be not only a steward but all his friends to board at the town farm. And so the merry war goes on between the supporters and condemners of the poor farm.

John McCullough was re-elected steward of the poor farm for the coming year.

Notice

For a Warm Bath Room

A bath in a cold room is a "shivery" operation and is extremely liable to cause colds. The bathroom above all should be kept warm. This is easy and the bath is a comfort if you have a

PERFECTION Oil Heater

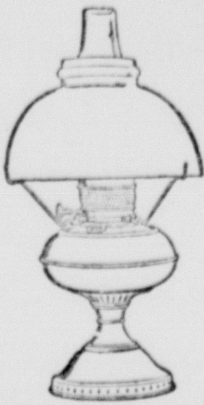

(Equipped with Smokeless Device)

It may be carried from any other room to the bath room, which it will heat while you are preparing for the bath. Impossible to turn it too high or too low. The most economical heater you can buy—intense heat for 9 hours with one filling.

The **Rayo Lamp** is the best lamp for all-round household purposes. Gives a clear, steady light. Made of brass throughout and nickel plated. Equipped with the latest improved central draft burner. Handsome—simple—satisfactory. Every lamp guaranteed.

If you cannot get heater or lamp at your dealer's, write our nearest agency for descriptive circular.

STANDARD OIL COMPANY
(Incorporated)

ENORMOUS SUM MISSING.

Bank of Yucatan Looted of Over Seven Hundred Thousand Dollars.

Mexico City, Jan. 8.—Seven hundred and forty thousand dollars is missing from the Bank of Yucatan, according to reports received from Merida. Following the disappearance of this enormous amount, Fernando U. Rodriguez, sub-director, and Mateo Ponce, ex-cashier of the bank, with ten other persons, have been arrested.

The money is said to have been taken from a strong safe to which there were two keys, one in the possession of the sub-director and the other in the possession of the cashier.

The Professor—I want you children to go to my lecture tonight.
Robert—Couldn't you whip us instead just this once, papa?—Life.

Geological Phenomenon.

Naples, Jan. 8.—Following a number of heavy detonations, a portion of the cone of Mount Vesuvius sank into the crater, causing great internal ebullitions. Enormous columns of smoke rose from the crater and spread out for miles. Professor Matteucci, director of the observatory, said that there was no danger of a new eruption, the sinking of the cone being merely a geological phenomenon.

Mississippi River Still Open.

Winona, Minn., Jan. 8.—The launch Virginia made a trip to Fountain City, Wis., and returned, a distance of ten miles up the Mississippi river. This is the first time in the history of navigation on the upper Mississippi that a motor-propelled craft has made a trip in the month of January.

PRESENTED IN SENATE

Mr. Aldrich Introduces Committee's Currency Bill.

BELIEVE IT WILL BE PASSED

Republican Leaders in Upper House of Congress Hopeful That Measure Soon Will Receive Favorable Action. Increases Bank Circulation.

Washington, Jan. 8.—Senator Aldrich has introduced in the senate the currency bill which for some time has been under consideration by Republican members of the senate committee on finance. At his request the bill was read in the senate and careful attention was awarded the reading.

The bill provides for an additional issue of bank circulation, which shall at no time exceed \$250,000,000, upon bonds other than those issued by the government, including state and municipal bonds in approved cases. The comptroller of the currency is given discretion in the issuance of the proposed currency and is authorized to decide as to the time and the amount to be awarded to any banking institution. It is provided that the increased circulation shall in no case exceed 75 per cent of the value of the bonds deposited.

"I have asked that the bill be read," said Mr. Aldrich after the reading had been completed, "in order that the senate may at once be informed of its provisions. I have been authorized by the committee on finance to say that the committee will receive and give

SENATOR ALDRICH.

careful consideration to bills sent to it having the same purposes in view that are sought in the bill that has been read. And I have to request senators who have such bills to present them at as early a day as possible."

Mr. Culberson asked for information about his resolution, which had been sent to the committee on finance, directing that committee to inquire into the causes of the recent financial stringency.

"The committee has been busy," Mr. Aldrich replied, "and has not had time to take up that matter." He added that the committee had not yet received the information called for from the treasury department by the resolutions which passed the senate previous to the Christmas recess.

Mr. Aldrich said that he would see that Mr. Culberson's resolution is included among those taken up by the committee at its next meeting.

Hansbrough Opposed to It.

It is understood that all Republican members of the committee are in favor of the Aldrich measure except Senator Hansbrough, who believes that a central bank will best solve the difficulties of the country's currency situation. He has himself introduced a bill providing for a central bank at Chicago, and intends, it is believed, to vigorously uphold that idea.

Republican leaders in the senate, as a whole, are hopeful of the early passage of the Aldrich bill. They declare that while they are anxious that it should not be a partisan measure, yet, if Democratic opposition should be developed to the Republican plan for such legislation, the majority will proceed to put the bill through the senate as a party measure.

Senator Aldrich has been in conference with so many of the senate leaders that his bill has not come to them as a surprise.

It is expected that there will be Democratic criticism of the Aldrich bill and Republicans declare that they are ready to accept any reasonable amendment from that side that may result in making the bill as nearly non-partisan as possible.

The bill will not be considered by the committee on finance until next Tuesday, Senator Aldrich purposely allowing a week to lapse between the introduction of the bill and its consideration by the committee in order to give ample time for its consideration. He said that it was his purpose, when the bill was reported, to make a statement in explanation of the measure and of his belief as to what it should accomplish.

Senator Clay of Georgia announced that he proposed to have a vote in the senate to test the sentiment of that body on his resolution favoring a federal law to uphold states in their efforts to make effective prohibition within their borders. He wanted the senate to pass his resolution instructing the committee on judiciary to bring in a bill to accomplish this purpose, but upon objection by Senator Nelson the resolution was allowed to go over until the next meeting of the senate.

AOKI SAILS FOR JAPAN.

Retiring Ambassador Declines to Make Any Statement.

San Francisco, Jan. 8.—Viscount Aoki, Japanese ambassador to America, who has been recalled from Washington by his government, sailed for home on the Pacific Mail liner Manchuria, accompanied by Viscountess Aoki and I. Iowagye, secretary of the embassy.

The retiring ambassador was closeted at the Fairmont hotel until shortly before sailing with Consul General Choso Kioke and Vice Consul Matsubara, who, it is understood, has been appointed consul at Seattle.

Viscount Aoki before his departure declined to make any statement other than express his appreciation of the cordial welcome and greeting given him in San Francisco. It was learned that the ambassador just before leaving the Fairmont hotel flatly repudiated an interview contained in a local paper Saturday morning, and declared, as he had already done to the Associated Press:

"I have not discussed or made any statement upon the immigration question or any other diplomatic matters since my departure from Washington, all reports to the contrary notwithstanding."

Viscount Aoki was quoted as saying that his government would itself restrict emigration and that the passage of an exclusion law would be regarded as offensive to the dignity of Japan.

Secret service officers and several detectives from the local police department were in attendance upon the ambassador until the Manchuria sailed. Many Japanese and several local government officials were at the dock to see the viscount and his party off.

ORGANIZE FOR PROTECTION

Rural Residents in Chile Harassed by Bandits.

Valparaiso, Chile, Jan. 8.—The residents of the districts lying outside the towns have formed themselves into bands for protection against bandits who are prowling over the country.

The residents of a hamlet between Valparaiso and Santiago attacked a pleasure party composed largely of Germans, whom they had mistaken for bandits.

One of the party was killed and five were wounded. Frank List, a naturalized American, received serious injuries.

Switchman Fatally Hurt.

St. Paul, Jan. 8.—Frank Faribault, a switchman for the Chicago Great Western railway, received probably fatal injuries by being crushed between cars in the West Side yards. His right hip is fractured and he is seriously hurt internally. He was unconscious when taken to St. Joseph's hospital, and he has not revived.

TELEGRAPHIC BREVITIES.

The Lumber Carriers' association will open its annual meeting in Detroit on Jan. 15.

A daughter has been born to the Duchess of Manchester, who was formerly Miss Helen Zimmerman of Cincinnati, at Kylemore castle.

John J. Crockett, formerly clerk of the supreme court of Iowa, has been appointed assistant reading clerk of the senate by Secretary Bennett.

The condition of Admiral Ludlow, U. S. N., who has been ill with grip at Eastport, L. I., is regarded as grave. He had a relapse after a slight improvement.

J. D. Robertson, president of the Interstate National bank of Kansas City and for years prominent in business circles there, died at Leavenworth, Kan.

Poultry—Turkeys, 8¢ to 11¢; chickens, 10½¢ to 11¢; springs, 9¢.

TO TRY HARRY THAW

Three Men Finally Are Sworn in as Jurors.

FOUR TENTATIVELY CHOSEN

Storm of Peremptory Challenges Soon Disposes of Most of the Men First Selected—Charles E. Gremmels to Be Foreman of the Jury.

New York, Jan. 8.—Three jurors sworn to serve on the trial panel for Harry K. Thaw, represented the net results of the two days and six sessions of the trial before Justice Dowling in the criminal branch of the supreme court. In addition to the trio who are oath-bound well and truly to try the case, there were in the jury box at the close of the second night sitting four tentative jurors who are subject still to peremptory challenges by either side. The task of filling the five vacant chairs will be resumed when the last installment of 100 talesmen summoned on the original omnibus panel of 300 names will report for examination.

In all ninety-five proposed jurors were called and questioned the second day as against fifty-seven on the first day.

At the close of the afternoon session the jury box was filled and hopes ran high that at least a majority of those tentatively chosen would prove acceptable to both sides. With the beginning of the evening session, however, all such hopes were dissipated. When the suddenly descended storm of peremptory challenges cleared away there were but three survivors, and it was agreed that they should be sworn as the nucleus of the trial panel. They are Charles E. Gremmels, ship broker, who is to be foreman; Arthur R. Naething, baker and caterer, and George W. Cary, dry goods dealer. Following the administration of the oath to these three men, counsel announced that the jury box would again be filled before any more peremptory challenges were exercised.

The four provisional jurors are: George Rapprecht, salesman; Moses Greenbaum, insurance agent; John R. Maginn, retired broker, and Thomas F. Cranston, a printer.

Forty talesmen were examined at the evening session, which lasted until 10:50 p. m.

CLOSE CALL FOR A TOWN.

Brentford, S. D., Narrowly Escapes Destruction by Fire.

Aberdeen, S. D., Jan. 8.—Brentford, about twenty miles south of this city on the Minneapolis and St. Louis extension, narrowly escaped being wiped out by fire. The water supply was not adequate, and only hard work of citizens prevented destruction of the town. Four of the principal buildings on the main street were destroyed, and the property loss will be about \$50,000. The total insurance is \$20,000. The blaze started in the Brentford Mercantile company's building, which was razed. The fire spread to George Mann's hardware store, in which the postoffice and telephone exchange had quarters. From there the flames spread to B. A. Esty's store and the Illinois hotel.

George Mann, B. A. Esty and their families had narrow escapes.

BOLD HIGHWAYMEN.

Kill a Bartender and Hold Up a Trolley Car.

St. Louis, Jan. 8.—Two masked highwaymen spread terror through St. Louis county, killing a bartender, holding up a suburban electric car and robbing the passengers, and forcing three men into the ice box of a saloon after their pockets had been looted. In Normandie they shot and killed the bartender, August Bons, after they had robbed his saloon, and got away after a chase.

Minneapolis Man a Suicide.

Minneapolis, Jan. 8.—For the third time within a week despondent men have taken their own lives by drinking carbolic acid in the downtown district during the busy hours of daylight. George Moffat being the latest victim. Moffat entered the saloon of Louis Dahlstrom and after taking a drink of whiskey went to the rear of the barroom and drank all of the contents of a four-ounce bottle of the poison. He died before medical attention could be given.

Enter Pleas of Not Guilty.

Washington, Jan. 8.—Edward M. Van Dyck, former chemist of the Bureau of engraving and printing, and Victor G. Bloede of Baltimore, president of the Victor G. Bloede company, manufacturers of ink, who were indicted by the federal grand jury for alleged conspiracy to defraud the government, were arraigned before Justice Stafford in the criminal court. Pleas of not guilty were entered and \$10,000 bail was given by each.

Edward Hanlon Buried.

Toronto, Ont., Jan. 8.—Edward Hanlon, former champion carman of the world, was buried here, the city according him a public funeral. The remains lay in state in St. Andrew's church. On the brow of the dead champion was a laurel wreath, placed there by his two sons, and banked about the platform were many floral tributes.

Open Publicity

Insures a fair, square and honest deal. It characterises the policy of Dr. Pierce as relates to the composition of his time-proven and most popular medicines. Their ingredients are on each bottle-wrapper, attested under oath and printed in plain English. Dr. Pierce's Favorite Prescription is the only medicine designed for the cure of woman's peculiar ailments and sold by druggists, the makers of which publish on each bottle-wrapper what the medicine contains.

Dr. Pierce's Favorite Prescription contains no alcohol, and no narcotics or other harmful or habit-forming drugs, as will be seen from its published ingredients. It contains only such native, medicinal roots as are most highly recommended by leading medical writers and practitioners of all the several schools of practice, for the cure of woman's delicate and peculiar ailments. It is safe for women to take in any condition of the system, as it assists Nature in restoring the healthful action of all the organs distinctly feminine.

Nature's own cure. In fact, "Favorite Prescription" is Nature's own cure for the many derangements and weaknesses peculiar to women. It is advised for no other diseases.

If you are a weak, tired, nervous, over-worked, broken-down, pain-racked woman, either young, old or middle-aged, suffering from frequent headaches, backaches, dizziness or fainting spells, gnawing or distressed feeling in stomach, perhaps see imaginary specks, or dark spots floating before the eyes, have dragging-down or heavy feeling in lower abdomen, or pelvic region, with, perhaps, pelvic catarrh, or other symptoms of functional or organic affections of the distinctly feminine organs, then you will make no mistake if you resort to the use of Dr. Pierce's Favorite Prescription. The most advanced medical science knows no better agents for the cure of all such diseases than are happily and harmoniously combined in this widely-famed "Prescription" of Dr. Pierce.

You can't afford to accept any secret nostrum of unknown composition and of questionable merit as a substitute for this professionally endorsed and time-tested remedy of KNOWN COMPOSITION, simply that some unprincipled dealer may make a little larger profit. Don't expect it to perform miracles but give it a fair, persevering trial and it is not likely to disappoint you. It won't "dissolve tumors"—no medicine will. It will cure a larger percentage of all curable ailments which especially afflict womanhood than any other medicine sold by druggists for that purpose.

As to Dr. Pierce's Golden Medical Discovery it has a very large range of application, yet it is by no means recommended as a "Cure-All." It possesses marvelous cures; also in scrofulous sores and old, open ulcers, or eating sores. To heal the latter, use Dr. Pierce's All-Healing Salve as a local application, while taking the "Golden Medical Discovery" to correct the blood and cleanse the system. A box will be mailed to any address on receipt of fifty-four cents in stamps. If your druggist don't have it in stock, address Dr. Pierce, as above.

Dr. Pierce's Pleasant Pellets are the original Little Liver Pills, first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. Easy to take as candy.

for its blood cleansing and specific curative effects upon the diseased mucous membranes. It will cure a very large per cent. of all cases, even after they have reached the ulcerative, or chronic stage, and no matter how many years' standing they may be. It is equally efficacious in affections of the mucous lining of the larynx, bronchia and respiratory organs in general, thus curing bronchitis, laryngitis and other affections giving rise to obstinate, hang-on coughs. It is not so good in acute coughs following sudden colds, as in the lingering, chronic coughs. Nor must the "Golden Medical Discovery" be expected to work miracles. It will not cure consumption in its advanced stages—no medicine will do that, but for all obstinate hang-on coughs due to laryngeal or bronchial irritation and kindred affections, of the throat which, if neglected or badly treated, are likely to lead up to consumption, the "Discovery" can be relied upon to produce the best curative results.

The "Golden Medical Discovery" is, from its tonic and specific curative control over mucous surfaces, especially efficacious in curing indigestion, dyspepsia, weak stomach and "Liver Complaint," or biliousness. Even ulceration of the stomach and bowels has in thousands of cases been cured by it; also obstinate chronic diarrhoea.

In addition to all the foregoing, not the least valuable of the marvelously efficacious properties possessed by the "Discovery" is the unequalled regulating and strengthening effect exerted by it over the heart's action. It has made some wonderful cures of very pronounced valvular and other affections of that organ.

The reason why "Golden Medical Discovery" cures so wide a range of diseases is made plain in a booklet sent free on request mailed to Dr. R. V. Pierce, Buffalo, N. Y. If interested, send for it.

The powerful alterative or blood purifying properties possessed by the "Discovery" will naturally suggest its use for the cure of blotches, pimples, eruptions, as eczema, salt-rheum, and other skin affections in all of which it has made remarkable cures; also in scrofulous sores and old, open ulcers, or eating sores. To heal the latter, use Dr. Pierce's All-Healing Salve as a local application, while taking the "Golden Medical Discovery" to correct the blood and cleanse the system. A box will be mailed to any address on receipt of fifty-four cents in stamps. If your druggist don't have it in stock, address Dr. Pierce, as above.

Dr. Pierce's Pleasant Pellets are the original Little Liver Pills, first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. Easy to take as candy.

For a Warm Bath Room

A bath in a cold room is a "shivery" operation and is extremely liable to cause colds. The bathroom above all should be kept warm. This is easy and the bath is a comfort if you have a

PERFECTION Oil Heater

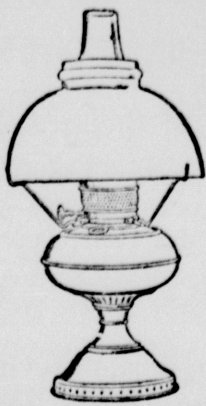

(Equipped with Smokeless Device)

It may be carried from any other room to the bath room, which it will heat while you are preparing for the bath. Impossible to turn it too high or too low. The most economical heater you can buy—intense heat for 9 hours with one filling.

The **Rayo Lamp** is the best lamp for all-round household purposes. Gives a clear, steady light. Made of brass throughout and nickel plated. Equipped with the latest improved central draft burner. Handsome—simple—satisfactory. Every lamp guaranteed.

If you cannot get heater or lamp at your dealer's, write our nearest agency for descriptive circular.

(Incorporated)

ENORMOUS SUM MISSING.

Bank of Yucatan Looted of Over Seven Hundred Thousand Dollars.

Mexico City, Jan. 8.—Seven hundred and forty thousand dollars is missing from the Bank of Yucatan, according to reports received from Merida. Following the disappearance of this enormous amount, Fernando U. Rodriguez, sub-director, and Mateo Ponce, ex-cashier of the bank, with ten other persons, have been arrested.

The money is said to have been taken from a strong said to which there were two keys, one in the possession of the sub-director and the other in the possession of the cashier.

The Professor—I want you children to go to my lecture tonight.

Robert—Couldn't you whip us instead just this once, papa?—Life.

Geological Phenomenon.

Naples, Jan. 8.—Following a number of heavy detonations, a portion of the cone of Mount Vesuvius sank into the crater, causing great internal ebullitions. Enormous columns of smoke rose from the crater and spread out for miles. Professor Matteucci, director of the observatory, said that there was no danger of a new eruption, the sinking of the cone being merely a geological phenomenon.

Mississippi River Still Open.

Winona, Minn., Jan. 8.—The launch, Virginia made a trip to Fountain City, Wis., and returned, a distance of ten miles up the Mississippi river. This is the first time in the history of navigation on the upper Mississippi that a motor-propelled craft has made a trip in the month of January.

PRESENTED IN SENATE

Mr. Aldrich Introduces Committee's Currency Bill.

BELIEVE IT WILL BE PASSED

Republican Leaders in Upper House of Congress Hopeful That Measure Soon Will Receive Favorable Action. Increases Bank Circulation.

Washington, Jan. 8.—Senator Aldrich has introduced in the senate the currency bill which for some time has been under consideration by Republican members of the senate committee on finance. At his request the bill was read in the senate and careful attention was awarded the reading.

The bill provides for an additional issue of bank circulation, which shall at no time exceed \$250,000,000, upon bonds other than those issued by the government, including state and municipal bonds in approved cases. The comptroller of the currency is given discretion in the issuance of the proposed currency and is authorized to decide as to the time and the amount to be awarded to any banking institution. It is provided that the increased circulation shall in no case exceed 75 per cent of the value of the bonds deposited.

"I have asked that the bill be read," said Mr. Aldrich after the reading had been completed, "in order that the senate may at once be informed of its provisions. I have been authorized by the committee on finance to say that the committee will receive and give

SENATOR ALDRICH.

careful consideration to bills sent to it having the same purposes in view that are sought in the bill that has been read. And I have to request senators who have such bills to present them at as early a day as possible."

Mr. Culberson asked for information about his resolution, which had been sent to the committee on finance, directing that committee to inquire into the causes of the recent financial stringency.

"The committee has been busy," Mr. Aldrich replied, "and has not had time to take up that matter." He added that the committee had not yet received the information called for from the treasury department by the resolutions which passed the senate previous to the Christmas recess.

Mr. Aldrich said that he would see that Mr. Culberson's resolution is included among those taken up by the committee at its next meeting.

Hansbrough Opposed to It.

It is understood that all Republican members of the committee are in favor of the Aldrich measure except Senator Hansbrough, who believes that a central bank will best solve the difficulties of the country's currency situation. He has himself introduced a bill providing for a central bank at Chicago, and intends, it is believed, to vigorously uphold that idea.

Republican leaders in the senate, as a whole, are hopeful of the early passage of the Aldrich bill. They declare that while they are anxious that it should not be a partisan measure, yet, if Democratic opposition should be developed to the Republican plan for such legislation, the majority will proceed to put the bill through the senate as a party measure.

Senator Aldrich has been in conference with so many of the senate leaders that his bill has not come to them as a surprise.

It is expected that there will be Democratic criticism of the Aldrich bill and Republicans declare that they are ready to accept any reasonable amendment from that side that may result in making the bill as nearly non-partisan as possible.

The bill will not be considered by the committee on finance until next Tuesday, Senator Aldrich purposely allowing a week to lapse between the introduction of the bill and its consideration by the committee in order to give ample time for its consideration. He said that it was his purpose, when the bill was reported, to make a statement in explanation of the measure and of his belief as to what it should accomplish.

Senator Clay of Georgia announced that he proposed to have a vote in the senate to test the sentiment of that body on his resolution favoring a federal law to uphold states in their efforts to make effective prohibition within their borders. He wanted the senate to pass his resolution instructing the committee on judiciary to bring in a bill to accomplish this purpose, but upon objection by Senator Nelson the resolution was allowed to go over until the next meeting of the senate.

AOKI SAILS FOR JAPAN.

Retiring Ambassador Declines to Make Any Statement.

San Francisco, Jan. 8.—Viscount Aoki, Japanese ambassador to America, who has been recalled from Washington by his government, sailed for home on the Pacific Mail liner Manchuria, accompanied by Viscountess Aoki and I. Iowagye, secretary of the embassy.

The retiring ambassador was closeted at the Fairmount hotel until shortly before sailing with Consul General Choso Kioke and Vice Consul Matsubara, who, it is understood, has been appointed consul at Seattle.

Viscount Aoki before his departure declined to make any statement other than express his appreciation of the cordial welcome and greeting given him in San Francisco. It was learned that the ambassador just before leaving the Fairmount hotel flatly repudiated an interview contained in a local paper Saturday morning and reaffirmed Sunday morning, and declared, as he had already done to the Associated Press:

"I have not discussed or made any statement upon the immigration question or any other diplomatic matters since my departure from Washington, all reports to the contrary notwithstanding."

Viscount Aoki was quoted as saying that his government would itself restrict emigration and that the passage of an exclusion law would be regarded as offensive to the dignity of Japan.

Secret service officers and several detectives from the local police department were in attendance upon the ambassador until the Manchuria sailed. Many Japanese and several local government officials were at the dock to see the viscount and his party off.

ORGANIZE FOR PROTECTION

Rural Residents in Chile Harassed by Bandits.

Valparaiso, Chile, Jan. 8.—The residents of the districts lying outside the towns have formed themselves into bands for protection against bandits who are prowling over the country.

The residents of a hamlet between Valparaiso and Santiago attacked a pleasure party composed largely of Germans, whom they had mistaken for bandits.

One of the party was killed and five were wounded. Frank List, a naturalized American, received serious injuries.

Switchman Fatally Hurt.

St. Paul, Jan. 8.—Frank Paribault, a switchman for the Chicago Great Western railway, received probably fatal injuries by being crushed between cars in the West Side yards. His right hip is fractured and he is seriously hurt internally. He was unconscious when taken to St. Joseph's hospital, and he has not revived.

TELEGRAPHIC BREVITIES.

The Lumber Carriers' association will open its annual meeting in Detroit on Jan. 15.

A daughter has been born to the Duchess of Manchester, who was formerly Miss Helen Zimmerman of Cincinnati, at Kilmore castle.

John J. Crockett, formerly clerk of the supreme court of Iowa, has been appointed assistant reading clerk of the senate by Secretary Bennet.

The condition of Admiral Ludlow, U. S. N., who has been ill with grip at Eastport, L. I., is regarded as grave. He had a relapse after a slight improvement.

J. D. Robertson, president of the Interstate National bank of Kansas City and for years prominent in business circles there, died at Leavenworth, Kan.

TO TRY HARRY THAW

Three Men Finally Are Sworn in as Jurors.

FOUR TENTATIVELY CHOSEN

Storm of Peremptory Challenges Soon Disposes of Most of the Men First Selected—Charles E. Gremmels to Be Foreman of the Jury.

New York, Jan. 8.—Three jurors sworn to serve on the trial panel for Harry K. Thaw, represented the net results of the two days and six sessions of the trial before Justice Dowling in the criminal branch of the supreme court. In addition to the trio who are oath-bound well and truly to try the case, there were in the jury box at the close of the second night sitting four tentative jurors who are subject still to peremptory challenges by either side. The task of filling the five vacant chairs will be resumed when the last installment of 100 talesmen summoned on the original omnibus panel of 300 names will report for examination.

In all ninety-five proposed jurors were called and questioned the second day as against fifty-seven on the first day.

At the close of the afternoon session the jury box was filled and hopes ran high that at least a majority of those tentatively chosen would prove acceptable to both sides. With the beginning of the evening session, however, all such hopes were dissipated. When the suddenly descended storm of peremptory challenges cleared away there were but three survivors, and it was agreed that they should be sworn as the nucleus of the trial panel. They are Charles E. Gremmels, ship broker, who is to be foreman; Arthur R. Naething, baker and caterer, and George W. Cary, dry goods dealer. Following the administration of the oath to these three men, counsel announced that the jury box would again be filled before any more peremptory challenges were exercised.

The four provisional jurors are: George Rapprecht, salesman; Moses Greenbaum, insurance agent; John R. Maginn, retired broker, and Thomas F. Cranston, a printer. Forty talesmen were examined at the evening session, which lasted until 10:50 p. m.

CLOSE CALL FOR A TOWN.

Brentford, S. D., Narrowly Escapes Destruction by Fire.

Aberdeen, S. D., Jan. 8.—Brentford, about twenty miles south of this city on the Minneapolis and St. Louis extension, narrowly escaped being wiped out by fire. The water supply was not adequate, and only hard work of citizens prevented destruction of the town. Four of the principal buildings on the main street were destroyed, and the property loss will be about \$53,000. The total insurance is \$20,000. The blaze started in the Brentford Mercantile company's building, which was razed. The fire spread to George Mann's hardware store, in which the postoffice and telephone exchange had quarters. From there the flames spread to B. A. Esty's store and the Illinois hotel.

George Mann, B. A. Esty and their families had narrow escapes.

BOLD HIGHWAYMEN.

Kill a Bartender and Hold Up a Trolley Car.

St. Louis, Jan. 8.—Two masked highwaymen spread terror through St. Louis county, killing a bartender, holding up a suburban electric car and robbing the passengers, and forcing three men into the ice box of a saloon after their pockets had been looted. In Normandie they shot and killed the bartender, August Bons, after they had robbed his saloon, and got away after a chase.

It is safe for women to take in any condition of the system, as it assists Nature in restoring the healthful action of all the organs distinctly feminine.

Nature's own cure. In fact, "Favorite Prescription" is Nature's own cure for the many derangements and weaknesses peculiar to women. It is advised for no other diseases.

If you are a weak, tired, nervous, over-worked, broken-down, pain-racked woman, either young, old or middle-aged, suffering from frequent headaches, backaches, dizziness or fainting spells, gnawing or distressed feeling in stomach, perhaps see imaginary specks, or dark spots floating before the eyes, have dragging-down or heavy feeling in lower abdomen, or pelvic region, with, perhaps, pelvic catarrh, or other symptoms of functional or organic affections of the distinctly feminine organs, then you will make no mistake if you resort to the use of Dr. Pierce's Favorite Prescription. The most advanced medical science knows no better agents for the cure of all such diseases than are happily and harmoniously combined in this widely-famed "Prescription" of Dr. Pierce.

You can't afford to accept any secret nostrum of unknown composition and of questionable merit as a substitute for this professionally endorsed and time-tested remedy of KNOWN COMPOSITION, simply that some unprincipled dealer may make a little larger profit. Don't expect it to perform miracles but give it a fair, persevering trial and it is not likely to disappoint you. It won't "dissolve tumors"—no medicine will. It will cure a larger percentage of all curable ailments which especially afflict womanhood than any other medicine sold by druggists for that purpose.

As to Dr. Pierce's Golden Medical Discovery it has a very large range of application, yet it is by no means recommended as a "Cure-All." It possesses marvelous alternative, or blood-cleansing, properties and is at the same time a most invigorating tonic, or strength-giver. It exerts a specific, cleansing, soothing and healing effect upon all the lining mucous membranes of the system; hence, its great curative value in all catarrhal affections, no matter where located.

In Chronic Nasal Catarrh, it is well to cleanse the passages two or three times a day with Dr. Sage's Catarrh Remedy fluid, while persisting in the use of the "Golden Medical Discovery"

for its blood cleansing and specific curative effects upon the diseased mucous membranes. It will cure a very large per cent. of all cases, even after they have reached the ulcerative, or chronic stage, and no matter of how many years standing they may be. It is equally efficacious in affections of the mucous lining of the larynx, bronchia and respiratory organs in general, thus curing bronchitis, laryngitis and other affections giving rise to obstinate, hang-on coughs. It is not so good in acute coughs following sudden colds, as in the lingering, chronic coughs. Nor must the "Golden Medical Discovery" be expected to work miracles. It will not cure consumption in its advanced stages—no medicine will do that, but for all obstinate hang-on-coughs due to laryngeal or bronchial irritation and kindred affections, of the throat which, if neglected or badly treated, are likely to lead up to consumption, the "Discovery" can be relied upon to produce the best curative results.

The "Golden Medical Discovery" is, from its tonic and specific curative control over mucous surfaces, especially efficacious in curing indigestion, dyspepsia, weak stomach and "Liver Complaint," or biliousness. Even ulceration of the stomach and bowels has in thousands of cases been cured by it; also obstinate chronic diarrheas.

In addition to all the foregoing, not the least valuable of the marvelously efficacious properties possessed by the "Discovery" is the unequalled regulating and strengthening effect exerted by it over the heart's action. It has made some wonderful cures of very pronounced valvular and other affections of that organ.

The reason why "Golden Medical Discovery" cures so wide a range of diseases is made plain in a booklet sent free on request mailed to Dr. R. V. Pierce, Buffalo, N. Y. If interested, send for it.

The powerful alternative or blood-purifying properties possessed by the "Discovery" will naturally suggest its use for the cure of blotches, pimples, eruptions; as eczema, salt-rheum, and other skin affections in all of which it has made remarkable cures; also in scrofulous sores and old, open ulcers, or eating sores. To heal the latter, use Dr. Pierce's All-Healing Salve as a local application, while taking the "Golden Medical Discovery" to correct the blood and cleanse the system. A box will be mailed to any address on receipt of fifty-four cents in stamps. If your druggist don't have it in stock, address Dr. Pierce, as above.

Dr. Pierce's Pleasant Pellets are the original Little Liver Pills, first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. Easy to take as candy.
